

## BSO

### Round end cap - pin type I

	A	B	
<b>BSO/180/x</b> <sup>1)</sup>	185	190	25
<b>NEW BSO/180/A/x</b>	185	190	25

<sup>1)</sup> Available while stock lasts

#### Systems SKO / SKO-P / SAR

We would like to inform that starting from 01.01.2017 we are introducing the new end cap **BSO/180/A** in SKO and SKO-P systems. The end cap BSO/180 which has been available in our previous offer will be available while stock lasts.

In order to facilitate the identification of individual end caps we would like to present significant differences:

Changes resulting from the increased thickness of the edge of the new cover should be taken into account when determining the cutting specification for shutter boxes.

Cutting has been standardized for all shutter box sizes.

Technical documentation for the production of roller shutters in SKO, SKO-P, SAR systems also includes the update.

## 1. Roller shutter box in SKO system

### a) Cutting specification and list of components for BSO/180/A **NEW**

Name of the component	Length	Quantity	SKO/180
1. Roller shutter box – top	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 11 mm	1 pc	SKO/G/180
2. Roller shutter box – base	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 11 mm	1 pc	SKO/D/180
3. Shutter box – rear	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 11 mm	1 pc	SKO/T/180
4. Round end cap		1 pair	BSO/180/A

### b) Cutting specification and list of components for BSO/180

Name of the component	Length	Quantity	SKO/180
1. Roller shutter box – top	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 7 mm	1 pc	SKO/G/180
2. Roller shutter box – base	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 7 mm	1 pc	SKO/D/180
3. Shutter box – rear	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 7 mm	1 pc	SKO/T/180
4. Round end cap		1 pair	BSO/180

## 2. Roller shutter box in SKO-P system

### a) Cutting specification and list of components for BSO/180/A **NEW**

Name of the component	Length	Quantity	SKO-P/180
1. Roller shutter box – top	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 11 mm	1 pc	SKO-P/G/180
2. Roller shutter box – base	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 11 mm	1 pc	SKO-P/D/180
3. Round end cap		1 pair	BSO/180/A

### b) Cutting specification and list of components for BSO/180

Name of the component	Length	Quantity	SKO-P/180
1. Roller shutter box – top	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 7 mm	1 pc	SKO-P/G/180
2. Roller shutter box – base	<b>WIDTH</b> <sub>ROLLER SHUTTER</sub> – 7 mm	1 pc	SKO-P/D/180
3. Round end cap		1 pair	BSO/180

⚠ Cutting specification and list of shutter box components in other dimensions remain unchanged.
